

5 AREAS WHERE AUTOMATION CAN HELP TRAVEL COMPANIES

Bookings and Invoicing

It can automate the entire booking process and make it easier to track third-party bookings

Accounting and Reporting

It can automatically Track Payments, Commissions and Booking Revenue, thus eliminating the scope for manual errors

Corporate Policy Management

It can help you track Corporate Policy Compliance and Automate Approval Workflows

Business Rules Management

It can automatically apply preset Business Rules and Markups on bookings and Calculate Agent Commissions

Customer Management

It streamlines Customer Management by automatically applying promotions on bookings & send out timely alerts, reminders and updates
