

ADVANTAGES OF HOTEL RESERVATION SYSTEM

BOOKING AUTOMATION

- Hexagon 24x7 bookings through your website
- Hexagon Aggregated live inventory from multiple suppliers
- Hexagon Online Cancellations and Refunds
- Hexagon Reduced manual work on booking, invoicing, voucher generation etc

CONTACTLESS GUEST EXPERIENCE

- Hexagon Guests can even book room service online
- Hexagon Front and back office work is moved online to offer contactless experience
- Hexagon Check-ins can be moved online to minimize crowding in the lobby

EASY MANAGEMENT & CONTROL OF INVENTORY

- Hexagon Makes sure there are no overbookings
- Hexagon Control rates, allocations and markups online
- Hexagon Hoteliers can login and update their inventory
- Hexagon Management of multiple properties in one place

WIDER DISTRIBUTION

- Hexagon Distribution of inventory through multiple sales channels to achieve growth at scale
- Hexagon OTAs and third-parties can consume live inventory through a single API

GREAT CROSS-SELLING OPPORTUNITY

- Hexagon Other businesses like Bus operators, Event Management firms & sightseeing companies can cross-sell hotel inventory
- Hexagon This helps them extract more revenue from the same customer
- Hexagon Corporates can use the system to provide self bookings to employees
