

BENEFITS OF A TRAVEL TECHNOLOGY COMPANY

DOMAIN EXPERTISE

- Specialized domain knowledge compared to a generalist IT company
- Staff is well-versed with online travel processes & terminology
- Ability to solve potential technical challenges when you go online
- Online travel consulting to help you succeed online

STRONG RELATIONSHIPS WITH XML SUPPLIERS

- They know the right people in these companies to help you get the job done quicker
- Thorough understanding of integration process from start to finish
- They can recommend the right suppliers in each region for best possible rates & content
- Several ready connections to help you go live quicker

READY SOLUTIONS

- Off-the-shelf products for various areas of business - booking, contracting, back-office, distribution etc
- Flexibility in terms of pricing models and hosting
- Ready solutions ensure short time-to-market
- Much less need to explain workflows and what you need

SOLUTIONS FOR DIFFERENT BUSINESS TYPES

- Products for Travel Agencies, OTAs, DMCs, TMC, Wholesaler etc
- These are tailored to solve the challenges faced by different kinds of businesses
